

The Art of Children's Book Illustration

Presented by Oregon SCBWI | scbwi.org | 

As you view the exhibit, we invite you to enter a world filled with stories coming to life. This exhibit is about *how* that happens, highlighting the creative process of Children's Book Illustrators from beginning to end, explored through a variety of illustration styles. You'll see behind-the-scenes sketches, storyboards, and final art from a wide range of Oregon illustrators, showing how words + ideas evolve into finished art for young readers.
